

## **Chief Executive Officer /Principal Consultant** (ICT/e-Government Development Specialist)

I am currently the Chief Executive Officer and Principal lead Consultant for ICT, MIS, e-Government, Monitoring and Evaluation services for Devinovit Associates Limited, a private firm incorporated in Uganda providing Development, Innovations and ICT consultancy services. Formerly, worked as a Director for Research, Innovations, Monitoring and Evaluation in the National Planning Authority (NPA) for the Government of Uganda. Before joining the NPA, worked in the Ministry of Local Government as a Principal Information Technology Scientist/Planner heading the ICT Unit within the Policy and Planning Division. Before the Ministry, worked at Makerere University as a Senior Information Technology (IT) Administrator in the Faculty of Agriculture & Forestry. Also had an opportunity to work in the United Kingdom (UK) as a Database Administrator for the London College of Business and Computing.

## **Educational Qualifications**

I possess an Executive Master Degree in e-Governance of the Swiss Federal Institute of Technology (EPFL), Lausanne, Switzerland. Also possess a Master of Science Degree in Computing and Information Systems of the University of Greenwich, London, UK, a Post Graduate Diploma in Computing and Information Systems of the University of Oxford, London, United Kingdom, Higher Technical Diploma in Biomedical Engineering of Swaziland College of Technology, Mbabane, Swaziland and a Diploma in Science Technology (Physics) of Uganda Polytechnic Kyambogo, Kampala, Uganda. I have also had other skills training in the fields of ICT Management in Public Sector in Kuala Lumpur, Malaysia, Policy Analysis, Development and Implementation in Nairobi, Kenya, Strategic Information Management Systems in Ottawa, Canada, Project/Programme Development and Management in Kampala, Uganda, Local and Regional Development Planning, Monitoring and Evaluation by UNCRD in Nairobi, Kenya, Training of Trainers in Kampala Uganda, amongst others.

## **ICT/e-Government Development Experience**

Currently, I am the principal consultant for the ICT, e-Government, MIS and other e-Service consultancy services in Devinovit Associates Limited. I have had over 15 years local and international working and consulting experience with Educational, Government, Private and Non-Governmental organizations in the areas of ICT Policy Analysis & Development, ICT Strategy and Master Plan Development, e-Government programme design and implementation, Information Systems and Technology Management, Research, Monitoring and Evaluation.

On several occasions, has facilitated ICT, e-Government, MIS related workshops, retreats and meetings at national, regional and international levels. Also been invited to make presentations on various ICT and e-Government topical issues at local, regional and international fora.

I am a member of the United Nations (UN) e-Government Expert Group, UK Institution of Analysts and Programmers, African ICT Policy Makers online forum and African Knowledge Management Group forum.

In a nutshell, over the last 20 years, I have been involved in various ICT, e-Government, MIS, Monitoring and Evaluation initiatives ranging from policy analysis, development, and implementation both in the public and private sector organizations.
